

# IB Insurance has been sold to Compass Insurance Services

The sale was effective on Saturday, December 12, 2020

The sale of IB Insurance to Compass Insurance Services with headquarters in Kronenwetter, Wisconsin was finalized on December 12th. Compass Insurance has purchased both the “book of business” from IB Insurance as well as the IB Insurance name and brand.

There will be very little difference as we transition one company to the other. Compass Insurance will retain the same agents, the same offices, and, of course, the same levels of top-notch service. In fact, by combining the two companies, customers will see even more insurance options and added resources. The only difference is a change in ownership. Over the next short while, IB Insurance customers will be receiving additional correspondence from Compass Insurance.

If you have any questions about this transition, please  
contact your IB Insurance representative at your  
convenience.
