Integrity Expands Retail Insurance Presence by Partnering with The Health Insurance Place

Fortunato began selling health insurance more than four decades ago as an individual producer before creating The Health Insurance Place in 1979. Today, his growing network of agents offers life, health as well as annuities. In addition, Fortunato pioneered retail health insurance walk-in locations in his region, staffed by knowledgeable professionals ready to answer questions and find solutions. Recognizing the complexity and constant fluctuation of the industry, Fortunato has maintained a welcoming environment within the centers to help consumers understand and select the right products for their needs and budget.

"Though Joe has been in the insurance business for 40 years, The Health Insurance Place still displays the energy of a start-up – the entire team is incredibly inspiring to be around," shared Bryan W. Adams, Co-Founder and CEO of Integrity. "Integrity offers The Health Insurance Place the benefits of a large organization while keeping the innovative spirit and dedication to service that has always been their hallmark. Joe and his team have found enormous success by serving clients where and when they need it. Integrity shares this commitment to making the insurance process more convenient and accessible for everyone, as evidenced by our powerful technology solutions. By tapping into Integrity's end-to-end platform, The Health Insurance Place is positioned for success for years to come, and we're thrilled to welcome them to the team."

"We recognized early on that we could simplify the often-overwhelming insurance process for clients by focusing heavily on service," explained Joe Fortunato, President of The Health Insurance Place. "Integrity is all about keeping insurance streamlined and accessible by creating technology-driven solutions for agents and consumers. Their focus on service extends beyond insurtech to include wealth management and advisory services, which offer new avenues for our team to explore and more ways to help our clients. Integrity will help us further refine what we already do well and enhance the service we provide in the process. I can't wait for this next era of growth for The Health Insurance Place."

The Health Insurance Place will add its expertise to Integrity's increasingly broad and diverse network of partners, a peer group of leaders who develop and improve insurance and financial service processes. These forward-thinking companies collaborate to provide innovative solutions that better protect the life, health and wealth of all Americans.

Integrity is shaping the future of the industry by creating insurtech systems that improve the experience for all stakeholders. These resources, available exclusively through Integrity's proprietary platform, include MedicareCENTER, customer relationship management systems, quoting and enrollment solutions, and access to a world-class advertising and marketing firm. Integrity will help The Health Insurance Place scale and become more efficient by centralizing business administration functions. Its supportive infrastructure of shared services includes Technology & Innovation, People & Culture, finance, legal and compliance.

Furthermore, The Health Insurance Place will now offer its employees meaningful company ownership through the Integrity Employee Ownership Plan.

"When deciding to partner with Integrity, the Employee Ownership Plan was especially exciting to me," continued Fortunato. "Integrity lets me continue to run the business with my team while motivating them through shared returns. There is no better way to reward them for their years of loyalty, creativity and service than including them in our success."
