TAMPA, FL – **November 1, 2023:** In response to the growing healthcare insurance demands in Florida, **The Horton Group**, one of the largest privately-held insurance brokers in the United States, is excited to announce an acquisition of **Physician's Armor Insurance Services** (PAIS). PAIS insures Physician practices in Florida, Georgia, Alabama, Tennessee, Mississippi, Texas, Oklahoma, Kentucky, Indiana, Illinois, and Michigan. Horton's Healthcare Practice currently insures over 3,000 medical professionals, hospitals, and related healthcare entities across the United States.

Physicians Armor Insurance Services (PAIS) was formed by its founders, Kriston Kent, MD MPH, and Steve Adler, to represent their physician colleagues and help them navigate the difficult world of obtaining insurance, especially medical liability insurance.

As the healthcare landscape continues to evolve in Florida, so do the insurance risks and challenges faced by medical professionals, hospitals, and related healthcare entities.

"The acquisition by The Horton Group brings additional resources to the PAIS team," said Mike Madey, Healthcare Practice Leader of The Horton Group. "With the complexities in today's healthcare industry, it is imperative for providers to have an insurance partner who understands their unique needs. Our Healthcare Practice is not just about offering more policies but crafting the right solutions that align with the specific challenges and needs of the healthcare community in Florida and the Southeast."
