Inszone Insurance Services, a provider of commercial, personal, and benefits insurance, has announced its acquisition of specialized brokerage firm Van Oppen & Co. 2 (VOCO2).

As a broker, VOCO2 offers insurance solutions for environmental professionals. It was founded by Rick van Oppen in 2008.

“We are delighted to welcome Van Oppen & Co. 2 into the Inszone Insurance Services family,” said Inszone Insurance Services CEO Chris Walters. “Rick van Oppen's unparalleled expertise and VOCO2's specialized focus perfectly complement our commitment to providing targeted, industry-specific insurance solutions. This acquisition allows us to enhance our capabilities and further support clients in the architectural, engineering, and environmental sectors.”

Inszone's acquisition of VOCO2 serves as a part of its continuous expansion strategy.

Inszone Insurance Services is a full-service insurance brokerage firm that serves as a provider of property and casualty insurance as well as employee benefits solutions. It has 59 offices across the US. As it continues its expansion both organically and through acquisitions, Inszone is still looking to further grow throughout the country.
